THURUNU MARASINGHE

Software Engineer Intern

Github Linkedin Portfolio

Email : thurunuym@gmail.com
Mobile : +94 77 296 4661
Address : Halloluwa , Kandy , Sri Lanka

EDUCATION

University of Kelaniya [2022 - Present]
B.Sc. (Hons) in Electronics and Computer Science

IBA Campus [2021-2022]
Diploma in ICT

Dharmaraja College Kandy [2006 - 2019]
GCE Advanced Level (Z score : 1.3050)

- Combined Mathematics - B
- Physics - B
- Chemistry - B

GCE Ordinary Level

- 9A passes (including ICT , Tamil)

TECHNICAL SKILLS

Programming Languages : Java , JavaScript , PHP , Python

Web Development : HTML , CSS , React , SpringBoot , Node.js , Express.js

Databases : MongoDB , MySQL , PostgreSQL

Other : Git/Github , AWS , Docker , Adobe Photoshop , Adobe Premiere Pro , Figma

SOFT SKILLS

Ability to learn and adapt
Teamwork
Creativity

LANGUAGES

English (fluent)
Sinhala (native)

ABOUT ME

Highly motivated and adaptable final-year undergraduate with hands-on experience in Spring Boot, React, and the MERN stack. Strong foundation in Object-Oriented Programming (OOP) principles and Data Structures & Algorithms. Passionate about applying academic knowledge to real-world software challenges, gaining mentorship from industry experts, and further developing both technical and interpersonal skills in a dynamic work environment.

PROJECTS

AI based Fitness Recommendation System (individual) *github*
Technologies: React, Spring Boot, Eureka Server, Keycloak, RabbitMQ, PostgreSQL, MongoDB, Gemini API
An AI-driven fitness recommendation system using microservice architecture. Utilized Eureka Server for service discovery, Keycloak OAuth2 for authentication and authorization, RabbitMQ for asynchronous messaging, Incorporated Google Gemini API for intelligent fitness insights.

Chatwhiz (individual) *live* *github*
Technologies: Node.js, Express.js, React, Zustand, MongoDB, Socket.io, JWT, Cloudinary
Developed a responsive, real-time chat application with JWT-authenticated login. Implemented secure user authentication, real-time messaging using Socket.io and RESTful APIs, and dynamic front-end UI with React and Zustand for state management.

Personal Portfolio Website (individual) *github*
Technologies: React , Tailwind CSS , SCSS , EmailJS , Motion
A sleek, responsive web app built with React, styled using Tailwind CSS, SCSS and Motion animations, featuring EmailJS integration for easy contact form submissions directly from the site.

E-Commerce Platform (group) *frontend* *backend*
Technologies: React, Spring Boot, MySQL, Redis, Docker
Developed a full-featured e-commerce web application for a sports item shop. Implemented user authentication, product listing, shopping cart, order management, and caching with Redis for improved performance. Containerized the application using Docker for easier deployment.

Sign Language Detector (group) *github*
Technologies: Yolo V8 , Python , OpenCV , Flask , Roboflow
Real-time sign language detector for five selected hand gestures using YOLOv8 and a custom dataset annotated with Roboflow. Built with live webcam streaming for gesture recognition.

Shilpa LMS (group) - *ongoing* *frontend* *backend*
Technologies: React, Spring Boot, MongoDB, JWT
A functional Learning Management System supporting role-based access for admins, lecturers, and students. Features include course management, content delivery, and user-specific dashboards. Integrated JWT authentication for secure login.

EXTRACURRICULAR ACTIVITIES

- Committee Member - Membership Development Subcommittee - IEEE Student Branch, University of Kelaniya
- Senior Editor (Designing) - Humane Society of University of Kelaniya
- Head of Designing - UOK Robot Battles 2k24
- Organizing Committee Member - Open Dev Summit 25'
- Designer - Leo Club of University of Kelaniya
- Member - AWS Cloud Club of University of Kelaniya
- Member - University Tennis team (2023/24)
- President's Scout - 1st Kandy Dharmaraja Scout Group

CERTIFICATIONS

- Foundations of User Experience (UX) Design - Google
- Advanced React - Meta
- Application Development using Microservices and Serverless - IBM
